

Water and sanitation

OUR CONTRIBUTION TO THE SUSTAINABLE DEVELOPMENT GOALS

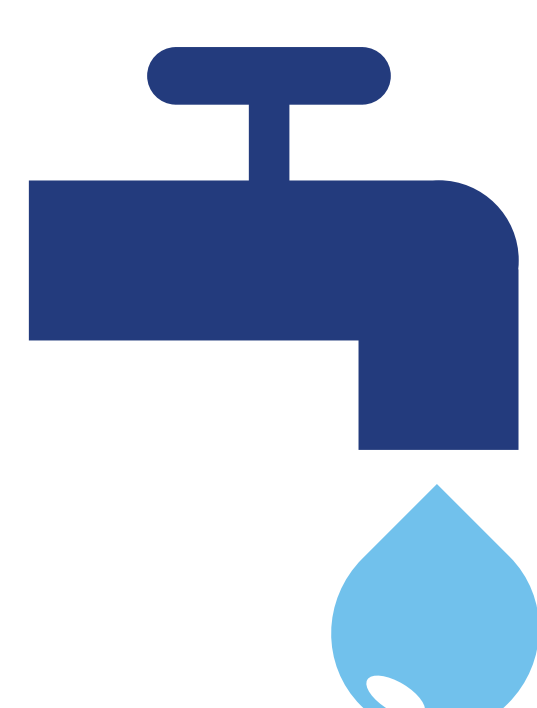

2022

The projects committed in 2022 will allow

SDG target 6.1

1.9 million people
to benefit from a safely managed
drinking water supply service

SDG target 1.4
Access to basic
services

2.4 million people
to benefit from a basic
drinking water supply service

SDG target 6.2

5.7 million people
to benefit from a safely
managed sanitation service

SDG target 1.4
Access to basic
services

725,000 people
to benefit from a basic
sanitation service

SDG target 11.5
Reduce the adverse
effects of natural
disasters

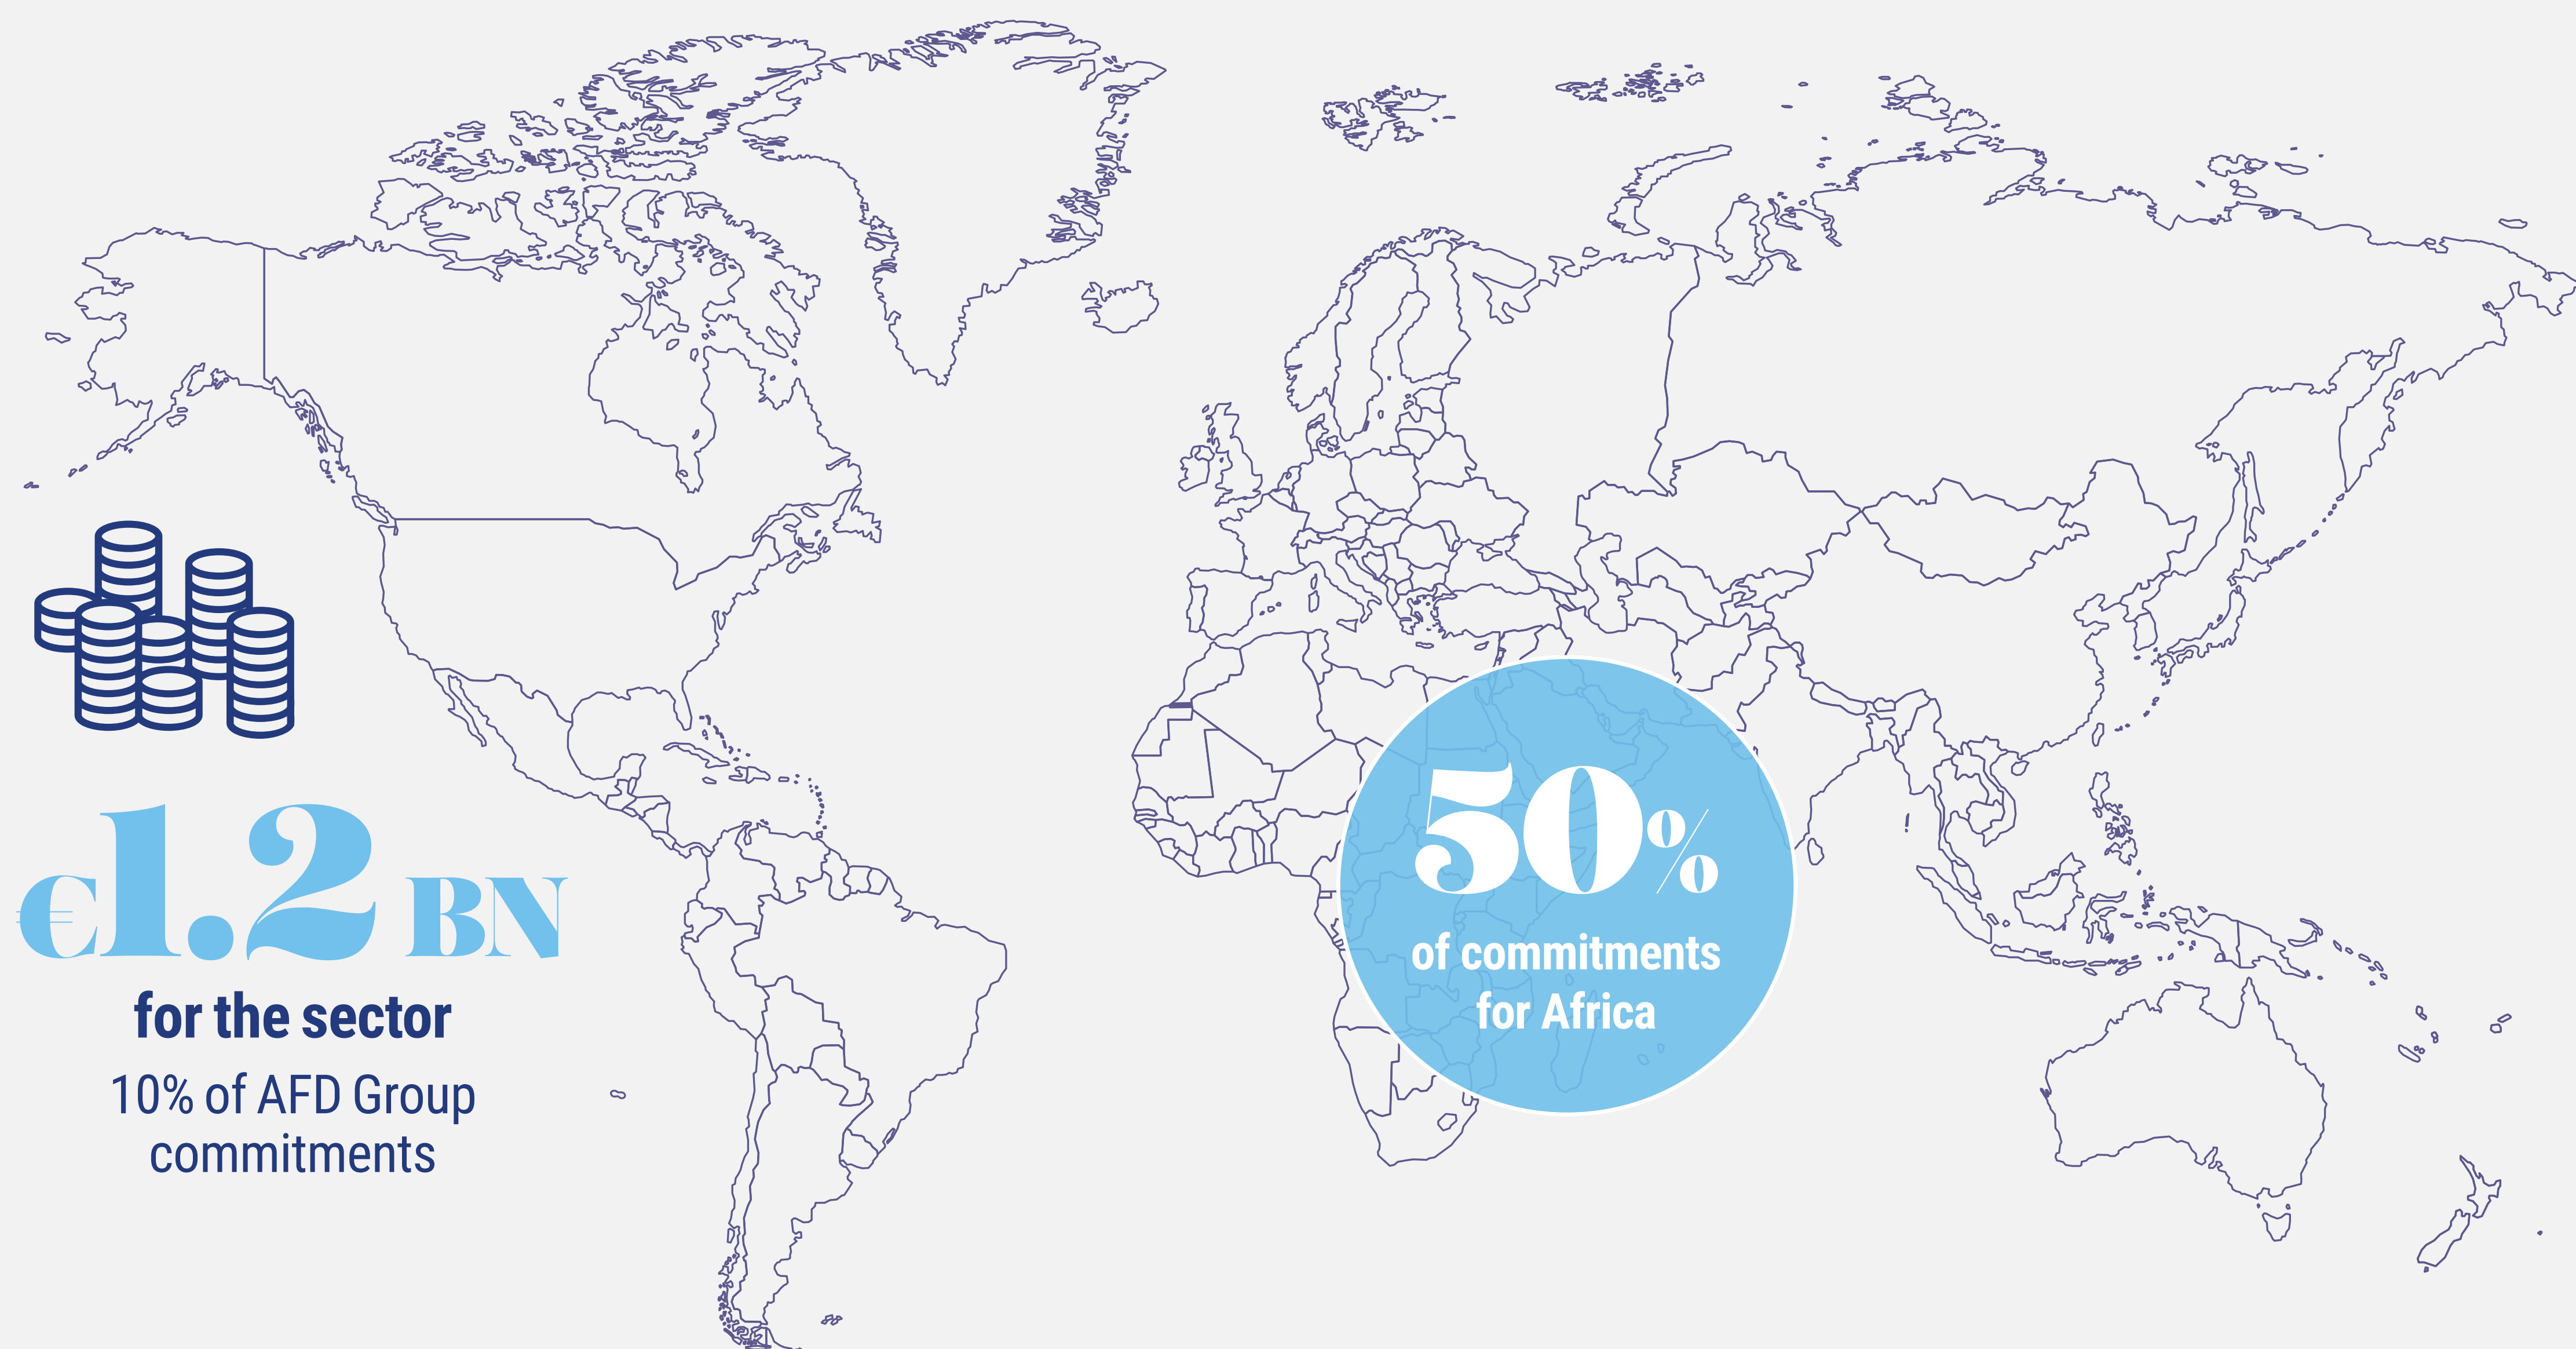

600,000 people
to benefit from flood risk management
facilities/equipment

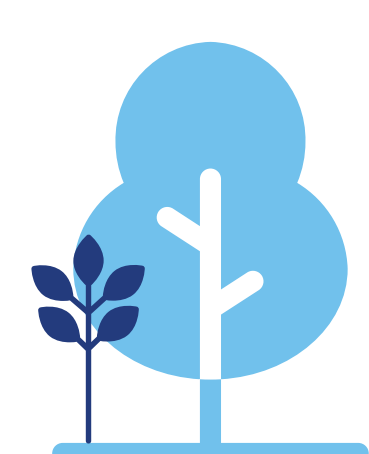

SDG target 3.9
Reduce mortality
from environmental
pollution

Raising awareness of hygiene
and water use for

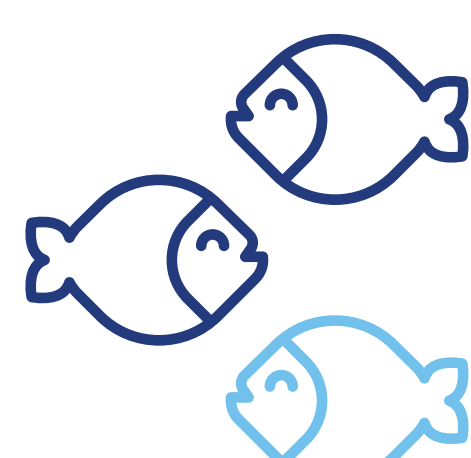

6.1 million people

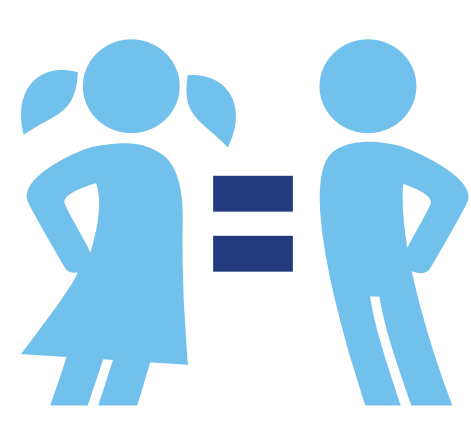

Projects for the climate, biodiversity and gender equality

88%
of commitments contribute to **climate change**
adaptation and mitigation

16.5%
preserve and restore **ecosystems**

82%
have a positive impact on **gender equality**

Angola
Nature-based
Solutions to **combat**
drought and improve
access to water

Mauritania
66 drinking water
supply systems,
191 sanitary facilities
in public spaces and
10 livestock watering
stations to **prevent**
conflicts related to
water scarcity

Côte d'Ivoire
The construction of
toilets and sanitation
networks in the city of
Abidjan to **preserve**
the lagoon and
promote women's
empowerment

Numerous partnerships to increase impacts on the ground including

- OIEau
- the French National Research Institute for Sustainable Development (IRD)
- the think tank IRC Wash
- The Nature Conservancy
- the NGO Toilet Board Coalition
- the NGO Wash United
